

Uttam School for Girls

E-Newsletter 2021-22

Grade- III

We are proud to announce that our Principal, Mrs. Sharmila Raheja has been conferred with the CBSE Honour for excellence in teaching and school leadership 2021. A role model for students and teachers, Ma'am has empowered the school with her vision, indomitable spirit and passion.

Online International Exchange Program with Japan

India & Japan Shin Edupower organised an online exchange program between India and Japan on 21.8.21, Saturday. This program was specifically intended to recoup the opportunity of peer interaction and revive the joy of learning among children during this pandemic situation. The primary objective was to give opportunity to children to interact with each other through various activities.

Uttam School for Girls partners with Shin Edupower in improving the 21st century skills of the students through hands on, interactive, integrated and above all enjoyable activities. These activities also help improve the non-cognitive abilities of students such as self-discipline, teamwork, perseverance, etc.

Our students of Grade III participated in the online international exchange programme with Japan organised in partnership with Shin Edupower. As it says - "One picture is worth a thousand words" – every object in each of the activities opened a window into the children's mind to glance into the hobbies, interests and culture of their partner country.

Bring something requested within one minute saw some real online action among children. They ran to grab things and share it with their friends. Activities like Bring me something cute, Bring me something hard, Make a circle, Bring a food item, Bring something red and so on really kept the energy levels high.

The fun-filled interactive activities during the online international exchange program with Japan courtesy Shin Edupower indeed enhanced the children's perspective and gave a global learning experience.

Baisakhi

Uttam School for Girls observed Baishakhi Celebration virtually on April 12th, 2021 on a virtual platform with great enthusiasm. The celebration of this festival marked the beginning of festivities at our school. Through open discussions, the significance and various aspects of this festival of harvest were made understood. It was a fun filled day and the students were engaged in making Baisakhi artworks.

Journal Writing - Seed Germination

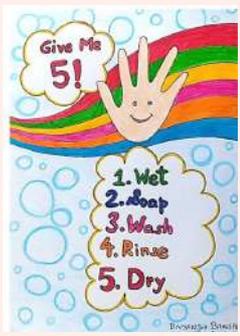

GERMINATION OF SEED

"He that plants trees loves others beside" – Dr. Thomas Fuller
Earth day always reminds us how Mother Earth takes care of us. So, we being her children need to equally take good care of her. As a part of our class activity, we were given the task of observing the process of germination. I took up some chick pea seeds and soaked them in wet cloth. My daily routine included watering, keeping it in morning sunlight and moving it in shade in the afternoon and observing my little plant growing. After one week I observed tiny roots growing downwards and shoot growing upwards. As the days passed, the root system developed deep in the soil while the stem became thicker and stronger.
In this whole process I learnt that when conditions – temperature, soil, water, sunlight are right seed germinate. The entire process of observing the nature's process was amazing.

Colour Splash - Hand Hygiene

Good personal hygiene is one of the best ways to protect ourselves from getting infectious diseases. Keeping this in mind for Color Splash Activity, I made a Hand Hygiene Poster that depicted the 5 basic steps for washing our hands properly. My poster emphasized on personal hygiene and also detailed the essential daily routine to be adopted for ensuring good hygiene.
It was great fun working with colours. I really enjoyed this activity as it made me aware that one must have a daily personal hygiene routine to keep themselves clean and free of pesky germs.

International Dance Day

"Dance is the hidden language of the soul."
Dancing always makes me delighted. We celebrated this day with a creative and fun based activity where we were taught to make different dance figures through sticks. It helped me to do my physical activity as well. Our teacher also made us aware that dancing improves posture and flexibility, lifts mood and ease anxiety. It was a great experience.
I was feeling excited and danced happily. I learnt to express some feelings with both Indian classical and western dance. I practice dance every day and love to see other people perform.

Rabindranath Tagore Jayanti

During the summer break, I read the poem 'The Champa Flower' written by Rabindranath Tagore on his birth anniversary. To mark the cultural celebration, I designed a cover page showing a boy, who wanted to become a champa flower to play tricks on his mother. It was an engaging activity to imagine and sketch the boy, his mother and a champa tree with flowers. I too wish to become a champa flower for a day like a boy in the poem.

Creative Talent

Onam

Uttam School for Girls observed Onam Celebration on August 25th, 2021 on a virtual platform to make the students aware of the culture and rituals it involves.

A story telling session was conducted about King Mahabali and his annual visits to the state. The essence of the festival was brought alive through creative artworks by students depicting cultural activities like snake boat race, rangoli making. We enjoyed celebrating festivities along with our classmates virtually.

Teej Celebration

Due to pandemic, we celebrated the religious and cultural Teej festival in our school online with our teachers and classmates. We created beautiful Mandala art designs. Mandala is a Sanskrit word for "circle." I really enjoyed making new designs and understood the rich heritage of our country India.

Prem Chand 's Birthday

दिनांक 31 जुलाई को उत्तम स्कूल फॉर गर्ल्स में कक्षा "एक से पाँच" की छात्राओं ने मुंशी प्रेमचंद जी का जन्मदिन बड़े उत्साह से मनाया गया। इस अवसर पर हमने उनके जीवन के बारे में जाना और उनकी एक रचना "नादान दोस्त" के प्रस्तुतिकरण का आनंद उठाया। जिससे हमने सीखा कि हमें बड़ों से छिपाकर कोई काम नहीं करना चाहिए। साथ ही साथ हमने एक रचनात्मक लेख भी लिखा जिसमें हमने "अपनी धरती माँ की सुरक्षा का वचन" दिया। इस प्रकार वे भी हम सब के लिए प्रेरणा के स्रोत हैं। हिंदी भाषा के महान लेखक व नाटककार मुंशी प्रेमचंद जी को हमारा शत-शत नमन।

दिया जिन्होंने अनमोल खज़ाना, कविता और कथाओं का।
उनको करते आज भी याद हम , आभार है उनकी मेहनत का।

Celebrating Mothers' Day & Fathers' Day

National Parents' Day

Parents are the guiding light in a child's life and lay the foundation for children to grow. To salute the National Parents Day , our school facilitated a splendid program on 26th July both for parents and students with fun filled activities.

An online assembly was conducted by the students where everyone showed respect and gratitude towards parents. It made us aware about the importance of parenthood as they protect us and guide us for our positive development. There was nice teamwork of parents and students for activities like poem dedicated to our parents, dance, singing and many more.

I also enjoyed and celebrated this day with great excitement .I performed for my parents so that I can give tribute to my parents and show great love and affection towards them. I will always remember this special day as I learned many things and got to know about great sacrifices our parents make towards their children

Thank You Mom and Dad and Thanks to My school for such a lovely program.

Nature

Thank You God for
You gave us beautiful nature
Snowy Mountains are so high
And pretty birds fly in the sky.

The trees are green
The water is so clean
I am also your wonder
Have you seen?

Thank You God for
The sun shining so bright
Giving everyone life and light.
Millions of shining stars spreading out
Making it a beautiful night.

I promise to take care of your amazing wonders
And never waste water or cut trees
Because these are big blunders.
I promise to love all creatures
I promise to share and care for the nature

Mother Nature

Everywhere there is magic,
Nature has it's own music.
Chirping of birds, buzzing of bugs,
I feel like giving flowers hugs,
Sweet scent of beautiful flowers,
I love, dancing in the rain showers!
The grass cuddles my hands and feet,
As I lay down listening to birds' tweet.
I feel blessed to be with nature,
tall trees, bushes and falling leaves,
I wonder and often think,
What is this magic?
Or am I living a dream!
Thanking mother nature for her
blessings.

Greatest Treasure of Life

Good health is the best gift,
That I can give to myself,
It fills in all our rift
And connects the mind to oneself

Good health is the best blessing,
Feels so refreshing,
Eat and be healthy ever
to overcome all challenges forever.

Carrots, peas, spinach and corn
Makes your body healthy and strong
The greatest treasure of life is health
Don't forget, it's your real wealth!

LEND A HAND

Respect and love, kindness and giving.
Lend a helping hand, is a good way of living.
Embrace the positive, look for the good.
Shun out the negative, don't fuel it with wood.

Take out the time, unwind the spring.
Open up your heart, and do the right thing.
Always help others, show them you care.
Just start with a smile, its easy to share.

Preksha Shishodia
III B

BEING HELPFUL

Help everyone,
and become a caring person.
Show kindness to others,
treat all as brothers and sisters.
Speak gently and carefully listen,
Everyone's heart will reply open.
Spread happiness around,
Be helpful, be kind.

Anika Shisodia
III A

KINDNESS

I will be there when you're crying
I will be there when you're smiling
I will be there when you're happy
I will be there when you're in worry

Remember who you are
So do something unique,
Be kind and helpful

Follow your heart ,give a big smile to others
Friends, family, grandpa and all elders.
Because this is the best technique
which brings glow and pride to your cheek.
Be polite when you speak,
Be patient when you listen
These habits will always take you to the peak.

Let's follow them and repeat
I will be there when you're crying
I will be there when you're smiling
I will be there when you're happy
I will be there when you're in worry

OSCAR - My Life

I have a pet dog named Oscar who loves to lick peanut butter. He has long hair with brown spots and fluffy ears. I love Oscar as he cheers me up whenever I am feeling low which makes him incredible. He has wonderful toilet habits and loves to take bath regularly. He never jumps upon our beds or sofas. He faithfully obeys all my commands. The very sight of its bright eyes and wagging tail brightens up my day. I feel quite secure because of its presence.

When I Met Genie....

It was a rainy night. I was busy in playing hide n seek with my brother. Suddenly, there was a power cut. We were scared. My mom asked me to bring the candles from storeroom. I held my brother's hand and stepped in the storeroom with courage. I was surprised to see a wooden lamp that looked very old. My brother picked it up and started cleaning it. A giant man with a beard and turban on his head appeared out of the lamp. We were shocked to see him standing in front of us. He introduced himself as Genie, a friend of children and told that he can fulfill our all wishes. We thought for some time and my brother wished to bring everything to normal when we can go to school by bus, play with friends in lunch break and talk to everyone in real time. I also told Genie that it's been more than a year and we want to go out and meet all our teachers and friends. Genie said that all this will be very soon possible as we are following all Covid precautions sincerely. We were very happy and suddenly the electricity came. The genie disappeared and we came out of storeroom smiling.

Shiny Winy – The Lost Chick

It was a hot and sunny day. I was playing with my sister when we heard a noise outside the door.
"Tuk- Tuk".
When I opened the door, I saw a yellow little chick who was hungry and dirty. The little chick was touching my feet and looking at me again and again.
I picked up the chick and gave it to mom. My mom smiled at the chick and took her to the wash- basin. She cleaned her dirty feathers, bathed it carefully and wrapped it in a hanky.
Wow !! her feathers were shining like gold. I gave her a name Shiny-winy because of her golden feathers and a small basket as a bed to stay in home. I put some soft flower petals and some leaves in the bed so that the basket doesn't gets hurt.
Then, my mother gave her some puffed rice grains and water in two small bowls. She ate all of them so quickly. I wonder if she was so hungry.
I was feeling very very happy that I saved the chick and now Shiny Winy is my family member. She is very cute and I love her so much. She always like to sit on my legs.
