Uttam
SCHOOL FOR GIRLS

Date: 14-10-2026
Circular No. USG/26-27/083

Dear Parents,

We would like to inform you that the school's Shooting Range has been operational since December, 2025 and the students from Grades V have used the facility under proper supervision and safety guidelines.

As part of our sports development program, screening for students of Grade V will be conducted from October onwards. The purpose of this screening is to identify and train students with potential for higher-level sports participation, particularly in shooting sports. For practice and training at the shooting range students are required to bring their own paper and pellets. All other necessary arrangements and safety measures will be provided by the school.

We encourage parents to support and motivate their children to participate in this opportunity for skill development and sports excellence. Further details regarding schedules and selection will be shared.

Warm regards,

Raheja

Mrs. Sharmila Raheja
(Principal)
