Uttam
SCHOOL FOR GIRLS

Date: 19-11-2026
Circular No. USG/26-27/094

Dear Parents,

This is with reference to the circular number USG/26-27/083 dated 14 October 2026.

We would like to inform you that the school's Shooting Range has been operational since December, 2025 and the students from Grades V have used the facility under proper supervision and safety guidelines.

Student screening was conducted to identify individuals with aptitude, potential, and interest in sports, particularly shooting sports, with the objective of providing them specialized training and preparing them for participation in higher-level competitions.

For practice and training at the shooting range students are required to bring their own paper and pellets. All other necessary arrangements and safety measures will be provided by the school.

Students who wish to purchase the required target papers and pellets through the school may submit ₹500 in cash to their respective class teacher by 20th November 2026.

We encourage parents to support and motivate their children to participate in this opportunity for skill development and sports excellence.

Warm regards,

Raheja

Ms. Sharmila Raheja
Principal
